## Board Changes School Name

### SPORTS...

LOCAL: YHS' baseball Yoemen go again late this afternoon against Taylor for the third and final game of a district playoff. Last year, Taylor dusted off the Yoemen in consecutive contests.

This time, the Yoemen have put together 1-0 win and 5-4 loss, the first Taylor closing on a wild pitch and the second a pitcher's duel going to Cameron.

This is possibly the best YHS baseball team in 50 years or more. AAA baseball-power Taylor beat substantially the same Cameron lineup last year. But the Ducks have been reduced by graduation, except in speed, since that '73 club.

If Cameron clears Taylor, it could be a long playoff season in AAA. NATIONAL: Tennis; new sensation is a 17-year-old Bjorn Borg, who forced John Newcomb to turn on his best tennis in a four-set match in Dallas Sunday afternoon.

A lot already has been written about

this teen-age Swede who hits like a veteran and knows more about technique beyond percentage tennis than anyone his age ever did.

Fans of any sport must have found his challenge of Newcomb in the televised match quite a show. Newcomb is the best among the pros in a day when there are more great tennis players than in the game's history.

Borg was beating the 18-year-olds in Sweden when he was 13, about the time he gave up hockey for a career in tennis. He quit school, which is common practice for Australians, who usually are tutored. He played Sweden's Davis Cup team at 15, the youngest in international tennis history and started the European pro circuit at 16.

All this preceded his reaching World Championship Tennis finals. Newcomb at 29 is at the peak of his career. Borg has at least 15 years to reach his peak and performing plateau.

It looks like the Borg decade of tennis ahead.

The name of Cameron Junior High was changed back to O. J. Thomas School by Cameron trustees at a regular meeting Monday night.

Request for the change came from Mrs. Perry Holder, Julius Whiteside and Harmon Kelly, who appeared before the board.

Mrs. Holder cited instances where names of places such as Cape Canaveral and Hoover Dam were changed more than once, to honor a man. She stated that O. J. Thomas was an honored educator and should still be honored by having the school bear his name.

Whiteside also spoke in favor of the change, telling of early day efforts by Thomas at the school, which was a high school before Cameron schools were fully integrated.

Supt. D. R. Dodson noted that the school is really a "middle" school instead of junior high, and the name was changed to the O. J. Thomas School, effective immediately.

In other business, the board voted to hire a new band director at \$3,200 over base salary. Name of the director will be released following his resignation from his present position.

Another hiring was for a fifth coach, Ken Poole, who will be head basketball coach and a math teacher. He will be hired at \$2,000 above base salary. Coach Ed Cauley, who spoke in behalf of Poole, said Poole's wife is a business teacher and will be able to fill a position at high school.

L. W. Stroup, local insurance man, spoke briefly on workmen's compensation for the schools, and will make complete recommendations at the next meeting. Premium for the insurance was mentioned at a figure of \$3,416.

Supt. Dodson reported that the slab is all down for the field house, the old rest room at the field has been torn down, and plans are going ahead to build a new rest room. He also reported that lockers for the field house will cost \$45.15 each, for 172 lockers.

Dodson also reported on cars to be used for drivers education classes. He said the cars will be furnished by Hefley - Stedman in Cameron and McAtee Motors at Rosebud.

Dodson was authorized to secure bids on a new car for the incoming

superintendent, and advertise the present superintendent's pickup truck for sale.

A school calendar was adopted for the coming school year, with faculty in-service starting August 19-22. Classes will start August 26. Holidays will include Labor Day on Sept. 2; Thanksgiving holidays Nov. 28-29; Christmas holidays Dec. 23 - Jan. 3; Spring vacation (Easter) March 28-31; Yoe Day and a faculty work day May 8 and 9.

The meeting, which began about 9:30, was continuing at 11 p.m. with trustees viewing preliminary plans for the Yoe High science classrooms. Plans were brought to the meeting by John Allen, school architect from Austin, who also drew up plans for the new field house.

## Demos, GOP Hold County Conventions

Milam County Democrats held their county convention Saturday night at the county courthouse and elected delegates for the state convention, along with alternates. They also passed eight resolutions.

Carroll Glaser served as temporary chairman and Oscar Zotz as temporary secretary until Dan Kubiak and Mrs. Grace Curtis, both of Rockdale, were elected permanent chairman and secretary.

There were 63 precinct delegates present and certified at the convention.

Delegates elected include Pete Kunz of Cameron, Carroll Glaser of Rockdale, Don Humble of Cameron, Bob Gause of Gause, Sharon Hodges of Rockdale, Tim Griffin of Rockdale, William Pagach of Maysfield, R. W. Wells of Cameron, Max McClaren of Cameron, Paul Olbrich of Burlington, Jack Ruzicka Jr. of Buckholts, Kubiak and Mrs. Curtis.

Alternate delegates are Ed Magre of Cameron, William Gray of Gause, Loween Maxwell of Rockdale, Will Calcote of Rockdale, Charles Hensley of Maysfield, Pat Sanders of Cameron, Mary Nolte of Cameron, Emory Camp of Rockdale, R. Varner of Gause, Don Herbst of Rockdale, Doug Williams of Buckholts, Betty Lindemann of Burlington, and L. C. Richards of Rockdale.

Resolutions passed covered a commendation for delegates to the constitutional convention; commendation for Rep. Kubiak; equal taxation; tax reforms; unity within the party; energy crisis; inflation; and governmental honesty and integrity.

### Republicans

Republicans held the Party's county convention on Saturday evening, and during the one- and one-half hour session named delegates and alternates to attend the GOP State Convention, and passed several resolutions, one of which expressed strong support for President Nixon in the current impeachment furor.

Dean Trubee was elected permanent chairman and presided over the convention, held in the County Judges office at the courthouse.

Milam County's quota of six delegates and six alternates to attend the Republican State Convention in Houston on September 17 was filled by a half dozen couples from different sections of the county. Named as delegates were Mr. and Mrs. Jack W. Tumlinson, Mr. and Mrs. Dean Trubee of Cameron and Mr. and Mrs. James E. Luckey of Rockdale. Alternates were Mr. and Mrs. John A. Smith, Dr. and Mrs. Sid Richardson of Cameron, and Mr. and Mrs. Edwin Lehmann of Buckholts.

One of the resolutions adopted by the convention commended James E. Luckey, outgoing County chairman, for his longtime efforts on behalf of the party, and expressed appreciation for his services during his tenure as County Chairman.

The resolution concerning President Richard Nixon stated that the members of the Milam County Repub-

lican Party strongly support him, and deplore and condemn the efforts of some elements of the Democrat Party, the liberal news media and his political enemies to use any means to destroy his credibility, his character and his effectiveness to serve as President of the United States.

## Baccalaureate Service Set For Buckholts Grads

Eight seniors will participate in baccalaureate and graduation services next week at Buckholts.

Father Bennish of St. Monica's Catholic Church of Cameron will deliver the baccalaureate service Sunday May 19, at 8 p.m. in the school gym. Brother C. A. Kent of Buckholts First Baptist Church will deliver the invocation.

State Rep. Dan Kubiak will address the graduates at the graduation ceremony Friday, May 24, at 8 p.m.

Honor students include valedictorian Debra McNeill, salutatorian Paul Mendoza and honor student Sherry Williams.

Other graduates are Harold Gaas, Laura Juneke, Glenn Roesler, Larry Orsag, and Douglas Williams.

Buckholts eighth graders will also take part in the services. Honor students for the eighth grade are Pamela Haisler and Calvin Sanders. Other eighth grade graduates are Charles Collins, Dudley Haisler, Donna Hause, Emil John Kuzel, John Lehmann, Sally Mendoza, Ricky Shaw and Monte Williams.

## German Dancers Invited Again To Folklife Festival

Cameron's German dance group, first formed for Folk Fete presentation, has been invited to perform at Texas' biggest block party, the third annual Texas Folklife Festival to be held in September at the UTSA Institute of Texan Cultures in San Antonio.

The group appeared at the Festival last year.

The fun-filled celebration, which draws participants from 126 Texas towns, is the original State Folklife Festival and features the traditional foods, music, dances, games, contests, arts and crafts of all the many kinds of Texans. All 26 major ethnic groups are expected to participate in the four-day party, the state's largest ethnic reunion.

According to the Institute's executive director R. Henderson Shufler, they have been encouraged by people from all over the state to repeat the event despite hurricane damage that resulted in a \$27,000 loss to the festival in 1973.

HOSPITAL TOUR - Members of the Yoe High School Home and Family Living classes tour St. Edward Hospital as part of National Hospital Week observance. Here Sister Bridget Marie shows students some in-

teresting things seen through a microscope. Two of the Yoe classes toured the hospital Wednesday morning.

## New Communications System To Link County, City Law Officials

Milam County is getting a new law enforcement communications system and equipment is expected to be installed shortly with the tower being installed now at Wilson-Ledbetter Park.

The new equipment will be installed in the Cameron and Rockdale police departments, the county sheriff's office and for the Thorndale city marshal. However the equipment for the sheriff's department will await installation in the new county jail, County Judge O. B. Harden said this week.

The system will include new transmitters for the law officers plus mobile units in their vehicles. An auto-

matic relay station will be installed with the radio tower. No manual operation will be required.

Cost to the county and cities will be 25 percent of the total cost, with the Criminal Justice Council financing the balance. Funds for the new systems are available to each state, according to Lindell Bishop of the Criminal Justice Division of the Central Texas Council of Governments at Belton.

Bishop said the new system virtually does away with "skip interference" which is caused by atmospheric conditions. He said the old frequencies commonly used by law enforcement agencies over the state created an extreme overburden on the frequencies.

This new system is a one channel system and will have four frequencies for normal use in the high band area. Beside eliminating the "skip" there will be a reduction in the amount of traffic per frequency.

Bishop said there will be a transient channel, so that a law-man traveling anywhere over the state can be in touch with local dispatchers within his range.

City police will have their own frequency which will not interfere

with other area officials, but will provide contact with other officers.

Transmissions are picked up at the repeater tower and retransmitted, Bishop said, and the process is automatic.

Some of the new communications systems are in operation now, Bishop said, and officials are pleased with the overall results.

## 77 Drive In Now Under New Management

Cameron's 77 Drive In Theater has been purchased by veteran theater manager and owner Robert Rice of Hugo, Oklahoma.

Rice said the theater property is being completely re-modeled and landscaped and will open May 30 with new projection equipment and sound units.

Work is now in progress on the screen tower, new ticket office and canopy and the concession stand. Other improvements include new concrete patios and walk ways and resurfaced ramp areas.

Rice has owned six theaters in communities in Texas and Oklahoma. For the past four years he has been working with interior design for new theaters in Tyler, Brownwood, Bryan, Marshall, Houston, Baytown and on the west coast.

Rice, his wife and child, have moved to Cameron and plan to operate the theater nightly from May 30 through the summer.

## Area Schools Set Closing Dates, Graduation

Local and area schools have set ceremonies for graduating seniors in the closing days of this school year. Top graduates have also been named.

The last day of school for Cameron students will be May 28, with baccalaureate service set for seniors on Sunday, May 26 and graduation ceremonies held May 31. Both will be held at Yoe Field starting at 8 p.m.

Top graduates for Yoe are Linda Berryhill, valedictorian, and Paul Vaculin, salutatorian.

Buckholts youngsters will finish their classes on May 24, with graduation for eight seniors set May 24, and baccalaureate service May 19, to be held in the school gym.

Debra McNeill is Buckholts' valedictorian and Paul Mendoza is salutatorian.

Eighteen seniors will graduate from the Milano School in ceremonies May 24 at 8 p.m. in the school auditorium. Baccalaureate service will be held May 19.

Top grads from Milano are Frank Graham, valedictorian, and Debra Karen Gunnels, salutatorian. Last day of classes is May 23.

Rogers will graduate 35 seniors in ceremonies on May 28 with baccalaureate May 26. Top seniors have not been named yet.

Valedictorian for Rosebud-Lott High School senior class is Tina Arnold and June Williams is salutatorian. Graduation will be 8 p.m. May 30 and baccalaureate at 8 p.m. May 26, both at Cougar Field.

## FOOD STAMP OFFICE OPENS AT ROCKDALE

A food stamp office is now open in Rockdale, it was announced by Mrs. Mildred Baker, supervisor of the county food stamp program under the State Department of Public Welfare.

All food stamp recipients south of Little River will be handled by the Rockdale office located on the corner of Scarborough and Cameron, 201 Scarborough.

Mrs. Baker said she will be the Rockdale certification worker. All recipients south of the river are to direct their inquiries to Mrs. Baker. The phone number is 512-446-5351.

She further explained that all food stamp recipients north of Little River, including Buckholts, are to direct their inquiries to the Cameron office located at 603 West 6th St. phone 697-2302. The new worker in that office is Douglas Oslick.

Mrs. Baker added that this new arrangement should provide convenience and fewer transportation problems to food stamp recipients.

## Firemen Mark Special Day

Cameron volunteer firemen were honored Saturday with their own special recognition day. It was noted that the firemen so far in 1974 have answered 59 fire calls, with 25 local 21 rural, 8 railroad right of way, and 5 false alarms.

## Willy Steps Down...

Willy did the right thing. The West German Chancellor stepped down as a spy scandal dramatized his administration's waning power. Aide Guenter Guillaume has been implicated in high level espionage for East Germany.

Brandt had been suffering some setback in provincial politics since his 1971 high-water year when he won the Nobel Peace Prize for Ostpolitik, which represented detente with the East German, East Europe communist bloc.

Ironically, his government was penetrated at the highest level by an agent of a government Brandt had accommodated in historic negotiations.

The Social Democrats were in power through coalition, which disintegrated with election setbacks and the spy scandal, labeled the worst in a series of government penetrations by East German agents since the end of World War II.

Observers regard the Guillaume affair and Brandt's resignation one of

the most critical of post-World War II Germany. A hopeful detente with West Germany never existed for East German leaders. That is the implication of this affair.

Conservative German voters will rally around this typical Eastern European obtuseness as justification to take a harder line with the communist bloc nations.

Brandt's Ostpolitik no doubt influenced President Nixon's decisions to risk detente with the Kremlin and Peking. It was convincing that a divided Germany could conciliate after the Berlin Wall while both Germanys held opposite political view.

A care-taker government is running West Germany until the West German parliament in Bonn can name a new chancellor.

Brandt continued to show his quality as a national leader and international statesman. When it was obvious his government's integrity had been breached, he stepped down.

It bodes a harder line in a post-Brandt era.

## Pointing The Way...

Shall we say: "We told you so?"

Fuchs and Hollas took science projects to a seven-nation competition at the University of Notre Dame, South Bend, Ind., and brought back a couple of major honors each.

This is what we mean when we speak of technocracy. It is not only computers and technical skills. It is engineering and scientific minds which enable technology which creates millions of new jobs.

Their success started in Cameron, continued in Waco and went on to San Diego, South Bend, Austin and soon for Hollas, Boston, all in science areas.

Considering the major changes in Central Texas, particularly in a newly established Establishment, which acknowledges the 21st century as well as the 19th, these performances are right for the times we live in.

Those with misgivings for this direction are probably as uncomfortable today in this change as they were comfortable 15 years ago with no direction at all.

Fuchs and Hollas are indeed pointing the way.

## The Family Lawyer

### Toyn Gun

Grocer Hawkins put up no resistance as the youthful robber cleaned out his cash register. To Hawkins, the young man's pistol was all too real.

But in fact, the pistol was a toy. When the robber was later caught and brought to trial for "armed robbery," he insisted that the charge would not stand up.

"The simple truth is," he told the court, "that I was not armed at all. That gun I had couldn't hurt a flea."

Nevertheless, the court decided he was guilty as charged. The court said what mattered was not the actual character of the gun but the way it looked to the victim.

Most courts agree. That is, they view the holdup weapon "through the eyes of the beholder." They reason that the essence of the crime is putting the victim in fear, which can be done as effectively with a gun that only looks deadly

as with one that really is.

There have even been cases of "armed robbery" in which the robber had no weapon at all. Thus: another holdup man terrified his victim merely by showing a menacing bulge in his coat pocket.

Yet, a court decided this was enough basis for a charge of armed robbery. The court said the fear that the robber had a gun, plus

the fear that he might use it, was all that the law required by way of intimidation.

Still, the fear must be at least of physical harm—not of a lesser form of pressure. Suppose A says to B:

"Unless you hand over \$500, I'll get you in trouble with the Internal Revenue Service."

If B says off, A may be guilty of some offense—but not robbery. As one court put it:

"There can be no robbery without violence. The menace must be of a sort to excite reasonable apprehension of danger. Threat of prosecution for a crime is regarded as insufficient (because) a man in the hands of the law is not legally presumed to be in danger of bodily harm."

## Race For House Speaker Getting Hotter Every Day

With the primary elections out of the way, the race for House Speaker is getting hotter by the day.

At least three candidates for the speakership claimed legislative races May 4 turned out in their favor, and they are now in the lead.

One, Rep. Fred Head of Troup, contended he already has the speakership won with 80 votes. During the last week, he released names of 19 representatives backing him.

Rep. Carl Parker of Port Arthur laid claim to having gained seven votes in the primaries — enough to give him a total of about 55.

Rep. Bill Clayton said his pickup in the primaries "clearly established" him as the leader.

Rep. David Finney of Fort Worth hit all the claims as "phony bandwagon publicity," and urged support of his candidacy as a modern compromise.

Rep. Jim Nugent of Kerrville said he doubts outcome of the first primary appreciably changed the order of the candidates, and he maintained the race remains wide open.

The big four candidates — Head, Parker, Clayton and Finney — already have received more than \$100,000 in contributions and spent about \$62,000 on their campaigns.

Head raised and spent the most, \$38,875 in contributions and \$32,045 in expenditures. Clayton is second with \$30,000 in donations and \$10,208 in expenditures. Parker has raised about \$20,000 and spent about \$10,000. Finney \$13,000 and \$10,000.

INCUMBENTS FAVORED — The May 4 Democratic primary was a great day for incumbents.

Not only did Gov. Dolph Briscoe win a landslide victory over Frances "Sissy" Farenthold (by nearly 70 per cent of the disappointingly-light vote of 1.5 million), but there were no upsets of any officials in statewide or congressional primaries.

Further, only three state representatives and a single state senator were defeated in 77 House and eight Senate contests.

Republicans will make their most-determined statewide bids in the governor's race, with Dr. Jim Granberry, 41, of Lubbock as the nominee. Ex-Prisoner of War Nick Rowe is the GOP nominee for comptroller who will take on Democrat Bob Bullock.

CRIME FIGHT PLANNED — Gov. Briscoe announced a public information campaign to draw neighborhoods together to prevent burglary and other crimes.

The project is part of a continuing crime prevention program in Abilene, Amarillo, Beaumont, Corpus

Christi, Odessa and Waco.

Goal of the pilot program is to reduce incidence of burglary by 18 per cent in each of six participating cities.

Publicity used in the campaign suggests that

police crime-prevention specialists be invited into citizen's homes to demonstrate crime-prevention techniques and teach them to recognize potential criminal activities and report them to police.

### TO MY FRIENDS OF THE 11th CONGRESSIONAL DISTRICT:

For the 20th time I am privileged to thank you for your loyal support which has enabled me to represent you so long. For this support and confidence I have always been appreciative. You have honored me. I hope that I can serve you creditably.

In view of the effort of my recent opponent to insinuate that I was connected with the unhappy situation involving City of Hearne finances, I am especially grateful to the friends (more than 80 per cent of the voters) who have reaffirmed their confidence in me. Your confidence means much more to me than votes in an election. It means the maintenance of the respect for which I have worked my entire life. Naturally I have resented the slurs and suggestions (never quite emerging as clear cut charges) that have been directed against me. I felt they should be answered but I did not want anyone to feel that I was discussing these charges from a political angle. The election is now over, and I hope I can speak without being misunderstood.

The newspapers and other media have, of course, given substantial publicity to these charges. This was but proper news reporting, and I have no criticism or resentment. The media has tried to be fair. I only hope they will consider the statements of all the responsible officials who had any connection with this transaction to be as important and as newsworthy as the statement of the bookkeeper in the Hearne City Office who stated that while she had no personal knowledge, she had been told that the check in question had gone to a Congressman. I believe that in the present state of the record, this is the only shred of evidence that in any way attempts to connect me with this unfortunate situation. Let me, therefore, outline the events and the public statements of those who might know if I were connected.

On February 28th, a representative of TV Station KTRA in Houston called my Washington office and reported that he had learned there had been a check for \$12,000 issued to a non-existent engineering company by the City of Hearne sometime in 1971, that there was no supporting documentation and that it was reported that this money had gone to me or to my campaign account.

The gentleman from the TV station came to Washington and interviewed me the next day, March 1st. He played a tape on which a bookkeeper in the City Office at Hearne stated that she had made out such a check and given it to a member of the City Council. She said that she had been told that the check had gone to a Congressman and that Congressman was W. R. Poage. She did not claim to have any personal knowledge to this effect. The tape also contained an interview with the then Mayor of Hearne, who refused to answer questions and stated that he "took the fifth."

The TV representative advised that after the recorded interview was completed, the Mayor said he supposed the money had gone to Congressman Poage because Hearne needed a lot of Federal help and Poage had gotten it for them.

When I was apprised of the charges, I contacted the Department of Justice, on March 2nd, and asked that the FBI make a complete investigation. Receipt of my request was acknowledged by letter of March 5th. Understand this investigation has been completed and a report is now moving through the various review points. Indeed, on April 18th, the Cameron Herald stated -- "an agent of the FBI told the Her-

Dear editor:

According to an article I read in a newspaper yesterday 374 of the nation's leading economists are divided on whether or not we have a recession.

Some of them say they believe we're in a recession, others say they don't believe so. Those who say we're in one believe we'll be out of it by the third or possibly the fourth quarter of the year. Those who don't believe we're in one didn't say when they thought we might be.

I have thought this over and have concluded the only way to find out if we're in a recession is to vote on it.

It's hard for a \$50,000-a-year economist to have any personal knowledge of whether or not we're in a recession. He can look at the oil companies whose profits are up about 75 per cent and say, nope, no recession. He can look at steel profits, up 100 percent, and

say times are booming. But if he's an economist on the faculty of some university not getting enough financial help from the ex-students and he hasn't had a raise in five years and has five kids, he can detect all sorts of signs of a recession.

I tell you, recession, like appliances, aren't what they used to be. In the old days nobody had to take a poll of the economists to find out if times were hard. In the first place they didn't have the money to hire them. In the second place it's been like hiring a weather man to tell you whether or not you were in a drought.

I'm no economist and I know nothing about witchcraft, but anybody who has to depend on somebody else to tell him how he's doing financially doesn't need an economist, he needs a keeper.

Yours faithfully,  
J. A.

## Letters to the Editor

Dear Mr. Luecke:

The huge majority of southern Texas taxpayers -- about three million -- filed their returns correctly and on time. Their extensive use of the new toll free telephone service was especially gratifying.

The help we received from you and your staff in getting information to taxpayers in your area was a direct contribution to a successful 1974 filing period. We're especially thankful for your use

of our weekly question and answer column, "Taxpayers Ask IRS."

We appreciate your splendid cooperation.

Sincerely,  
Richard J. Stakin, Jr.  
District Director  
Internal Revenue Service

## Cong. Poage Thanks Voters; Not Involved With Hearne Check

### TO MY FRIENDS OF THE 11th CONGRESSIONAL DISTRICT:

For the 20th time I am privileged to thank you for your loyal support which has enabled me to represent you so long. For this support and confidence I have always been appreciative. You have honored me. I hope that I can serve you creditably.

In view of the effort of my recent opponent to insinuate that I was connected with the unhappy situation involving City of Hearne finances, I am especially grateful to the friends (more than 80 per cent of the voters) who have reaffirmed their confidence in me. Your confidence means much more to me than votes in an election. It means the maintenance of the respect for which I have worked my entire life. Naturally I have resented the slurs and suggestions (never quite emerging as clear cut charges) that have been directed against me. I felt they should be answered but I did not want anyone to feel that I was discussing these charges from a political angle. The election is now over, and I hope I can speak without being misunderstood.

The newspapers and other media have, of course, given substantial publicity to these charges. This was but proper news reporting, and I have no criticism or resentment. The media has tried to be fair. I only hope they will consider the statements of all the responsible officials who had any connection with this transaction to be as important and as newsworthy as the statement of the bookkeeper in the Hearne City Office who stated that while she had no personal knowledge, she had been told that the check in question had gone to a Congressman. I believe that in the present state of the record, this is the only shred of evidence that in any way attempts to connect me with this unfortunate situation. Let me, therefore, outline the events and the public statements of those who might know if I were connected.

On February 28th, a representative of TV Station KTRA in Houston called my Washington office and reported that he had learned there had been a check for \$12,000 issued to a non-existent engineering company by the City of Hearne sometime in 1971, that there was no supporting documentation and that it was reported that this money had gone to me or to my campaign account.

The gentleman from the TV station came to Washington and interviewed me the next day, March 1st. He played a tape on which a bookkeeper in the City Office at Hearne stated that she had made out such a check and given it to a member of the City Council. She said that she had been told that the check had gone to a Congressman and that Congressman was W. R. Poage. She did not claim to have any personal knowledge to this effect. The tape also contained an interview with the then Mayor of Hearne, who refused to answer questions and stated that he "took the fifth."

The TV representative advised that after the recorded interview was completed, the Mayor said he supposed the money had gone to Congressman Poage because Hearne needed a lot of Federal help and Poage had gotten it for them.

When I was apprised of the charges, I contacted the Department of Justice, on March 2nd, and asked that the FBI make a complete investigation. Receipt of my request was acknowledged by letter of March 5th. Understand this investigation has been completed and a report is now moving through the various review points. Indeed, on April 18th, the Cameron Herald stated -- "an agent of the FBI told the Her-

ald that his office . . . had determined that there is no federal violation in this case." This statement means that the FBI found no involvement on my part because there would be a federal violation.

I trust this report will be made public in the near future, but I don't believe it is necessary to await the report in view of the statements of the parties who have personal knowledge of the case.

On March 5th, the MAYOR repudiated the statement made by the bookkeeper and voluntarily sent me a wire stating that he had just been released from the hospital for a third heart attack and that while he was somewhat confused, the statement attributed to the bookkeeper was in accurate. This was followed by a letter in which he denied that he told the bookkeeper that any money went to me and in which he expressed his apologies. The Bryan Eagle had, on March 2nd, quoted the Mayor as stating, "As far as I know he (Poage) never received a nickel of the money."

The CITY COUNCILMAN who allegedly took the check from the bookkeeper and deposited it in a Bryan bank, is quoted by the Cameron Herald of March 21st as saying, " . . . I don't think any of it went to Congressman Poage."

A few days later, an ATTORNEY in Hearne, who had returned the \$12,000 for a client whose name he was not privileged to divulge, indicated that he knew I did not get the money, but because of the confidential relationship with his client, he could not state who did get it. The Temple Telegram, on March 22nd, quoted this attorney, who is possibly the only person who knows who got the money, as stating, "I think the investigation shows that none of the money was given to Bob Poage."

On March 28th, the local judicial process resulted in a

number of indictments at Franklin. After hearing the Grand Jury proceedings, the DISTRICT ATTORNEY is quoted in the Killeen Herald of March 21st as stating, "There is no evidence to connect U. S. Representative W. R. (Bob) Poage of Waco with the \$12,000 taken from Hearne city funds."

Naturally, after 50 years of public service without a charge of dishonesty, this sort of thing is distressing, especially so since it is of such a nature that any irresponsible publicity seeker can make a charge; but I cannot refute the charge except to state my innocence. If the church in your community were burned tomorrow night and someone said he "heard" that you burned it, how would you prove you did not do so? I cannot say what happened at Hearne, because I know as little as you do about the check. I have furnished all the information requested by the authorities, and I am pleased that every party to this transaction, who might have personal knowledge of the truth or falsity of the charges, has stated that he knows of no connection on my part.

I am not a rich man in worldly goods, but throughout my entire life I have been rich in a good reputation and loyal friends, and I don't intend to allow anyone to take these from me, whether his acts are for political gain or simply for publicity. I have confidence in the people of Central Texas, and I intend to give them all the facts that they may judge this thing for themselves.

I deeply appreciate your expressed confidence in me, and with best wishes, I am

Your friend,  
W. R. Poage,  
Congressman

# Vary Cookout Menus by Marinating Economical Beef Chuck and Round Cuts

Every family has its own tried and true cookout fare—menu selections relied upon over and over throughout the summer. Beefburgers and tender steaks from the loin are all America's favorite choices. But for even greater eating enjoyment, that great

beef flavor can be offered in dozens and dozens of different ways. Real outdoor enthusiasts are familiar with and use the many other cuts of beef appropriate for cooking on grill top or rotisserie rod.

## Marinate Less Tender Cuts

A grill recipe repertory can be expanded by marinating economical cuts from the beef chuck and round, points out Reba Staggs, National Live Stock & Meat Board home economist. Marinating such cuts as boneless beef cross rib and chuck eye roasts, beef blade steaks and kabob cubes cut from the

beef tip makes the meat more tender as well as providing appealing flavor variations. The following Coffee-Citrus Marinade can be used successfully with a variety of beef cuts.

**Coffee-Citrus Marinade**  
2 teaspoons freeze-dried or instant coffee  
1 cup orange juice  
¼ cup lemon juice

¼ cup salad oil  
2 tablespoons brown sugar  
1½ teaspoons salt  
½ teaspoon nutmeg  
Dissolve coffee in orange juice. Add lemon juice, oil, brown sugar, salt and nutmeg, stirring to blend.

## Beef Rotisserie Roast

Place 4 to 6-pound boneless beef cross rib or chuck eye roast and Coffee-Citrus

Marinade in plastic bag in pan. Close bag securely and place in refrigerator to marinate 6 to 8 hours or overnight, turning occasionally. Remove roast, reserving marinade, and insert rotisserie rod lengthwise through center. Balance roast on rod and tighten spit-forks so roast turns only with the rod. Insert roast meat thermometer at a slight angle, so the bulb

## KITCHEN COST

A complete kitchen "overhaul" can cost between \$5,000 and \$6,000 says Anna Marie Gottschalk, housing and home furnishings specialist, Texas Agricultural Extension Service, The Texas A&M University System.

# Guidelines Listed For Buying Freezer Beef

Buying beef wholesale for storage in the home freezer can be a money-saving experience -- if it's done wisely.

Some guidelines are listed by Woodrow Bailey, livestock and meat specialist for the Texas Agricultural Extension Service.

"First of all, locate a reliable firm. The Better Business Bureau or Retail Credit Association can furnish information.

"Decide what cuts of beef your family likes and know how much you consume over a period of time. Beef will usually show some storage flavor after six months in a freezer."

For a family of six or more people that enjoys hamburgers, steaks and pot roasts, Bailey suggests buying a complete side of beef. "This will provide all the cuts you see displayed in a supermarket."

If broiled steaks are the family preference, a full loin may be the best purchase as it will yield only sirloin, Porterhouse, T-bone and Club steaks.

For those favoring pot roasts, a fore quarter would be in order, advises the Texas A&M University System specialist. "The price would be much less than a

hind quarter and the amount of edible meat would be about the same."

Bailey also advises buying beef according to grades by the U. S. Department of Agriculture. The "Choice" grade

## Farmers Facing Challenge

"Texas agriculture is on the threshold of a technological and production explosion, brought on by pressures of a world-wide demand for food and fiber," Agriculture Commissioner John C. White said this week.

"We completed a record-smashing year in Texas agriculture in 1973, with cash receipts totaling near \$5 billion. For the first time in a generation, our farm and ranch families began to make a decent wage while serving as the main contributors to the highest standard of living in the world," said White.

"These successes have brought with them some problems," the 49-year-old commissioner noted. "The big demand for our products abroad has caused domestic price increases for our own consumers."

"Our big challenge ahead is to increase our production to meet these needs and relieve some of the pressure on our own food prices."

White said a guaranteed supply of fuel and fertilizers for our farmers and ranchers is the key to increased production. "We must take all necessary steps to assure these supplies for our agricultural operations if our state economy is to remain strong," he added.

Commissioner White is seeking re-election to the farm post he first attained at the age of 25. "Despite our industrial advances, Texas is still, first and foremost, an agricultural state, dependent upon a healthy and vital farm economy. My goal is to see Texas become not only first in farm sales but also seek fair profits for the producers at reasonable prices for consumers."

is best if steaks and roasts are to be broiled or dry roasted. Choice beef has been fed longer and has more marbling (fat scattered throughout the lean). It is more expensive. On the other hand, "Good" grade beef is suitable if steaks are pan fried and roasts are "pot roasted."

"If ungraded beef is bought, check the rib eye for a liberal sprinkling of fat throughout the lean."

Cattle that have been grain fed provide the best beef for your money, contends Bailey. He advises against purchasing a calf for your freezer out of a pasture.

"When buying beef wholesale, be sure the meat is trimmed properly with only a minimum amount of fat. A Choice carcass should not have more than one-half inch of fat on the outside."

The specialist also suggests that a wholesale cut or carcass be weighed in the buyer's presence. A carcass should yield about 75 per cent retail cuts, with the remaining 25 per cent going to fat and bones.

## FFA Members Earning Degrees

On Friday, May 10, Dennis Pelzel, Eddy Coker, Robert Plachy, Jeff Tucker, Tommy Vaculin, Ricky Richter, David Ehler and Greg Shegult passed the Area III FFA record book check for the Lone Star Farmer degree.

Jimmy Tittsworth and David Tucker were certified on Area III level as American Farmers.

Jimmy Vaculin received first place in Placement in Sales and Service and Placement in Agricultural Production in Area III.

All Lone Star Farmer applicants passing this check will go on to the state record book check at the State FFA convention July 9-12. The convention will be held at San Antonio.

American Farmer applicants will also go to the State convention for their state record book check.

## OLD VETERANS

In 1972, when last checked, American war veterans included 2,538 who fought in the Spanish-American War, the Philippine Insurrection, or the Boxer Rebellion.

## Grazing Stock Boosts Forage

Grazing livestock can boost forage production on pastures and ranges, not only from the waste products they return to the soil but the saliva they deposit on the grass while grazing.

The saliva which contains thiamine was found to have a marked effect on the amount of forage produced by sideots grama when compared in a number of studies conducted by the Texas Agricultural Experiment Station. Project leader was Dr. Patrick Reardon, TAES assistant professor of range science at the Texas A&M University Agricultural Research and Extension Center at Uvalde.

In a study sideots grama seedlings were placed on gallon cans and grazed or clipped at several different heights and at different intervals. Thiamine was added to the soil of some of the seedling plants.

"The plants responded to both the addition of thiamine and saliva," points out Reardon. "Thiamine at the rate of 10 parts per billion added to the soil or the plant under a six-inch height and six-week clipping schedule increased forage yields by 42 per cent over the control plants. Saliva added to plants under a six-inch and three-week clipping schedule boosted forage yields 44 per cent."

When comparing plants grazed by livestock to those mechanically clipped, the grazed plants produced about six inches more growth.

"A major finding was that the height of the sideots grama was important as to the effect of grazing or treatment with saliva. Plants gave the best response at the six-inch height rather than at three inches, while the frequency of grazing or clipping -- three or six weeks -- had little effect," notes the scientist. "Plants clipped to three inches every three weeks produced the least amount of forage while

top yields came from clipping to six inches every six weeks."

"Our studies definitely show that animal saliva stimulates plant growth and that the effect is greatest when plants are not grazed below the six-inch height. Thus a moderate grazing schedule would allow plants to absorb and utilize the thiamine or saliva for more accelerated growth."

"Grazing animals definitely exert a strong influence on grasses and grassland development," contends Reardon. "Maintaining our native range plants in a high state of vigor and production may actually require the influence of the grazing animal."

## Club Open To Tractor Pullers

WACO

The Central Texas Tractor Pullers Club, an organization combining the Hillsboro and Cameron tractor pullers with the local pullers, was formed here this week.

Jerry Willis, a dairy farmer from Grandview, was elected president. Carl Grothe of Cameron was elected secretary of the club.

Willis announced that the club will hold a tractor pull on June 29 and 30 at the Heart of Texas Fair Grounds in Waco. The pull will be directed by the Southwest Hardware and Implement Association. Local farmers are urged to participate.

A meeting will be held on Tuesday night, May 14, at 7:30 p.m. at the Waco La Quinta Motel for anyone interested in tractor pulling. A film explaining the sport will be shown.

## COUNTY AGENT'S NOTES-- Dwarf Mosaic Virus Is Hurting Maize Crops

By Bill McCutchen

Many Milam county grain sorghum producers are experiencing the worst outbreak of Maize Dwarf Mosaic Virus or (MDMV) ever. Some grain sorghum fields are almost totally infected with this virus with virtually every field showing some symptoms of the disease. The disease damage and infection is much more severe on some varieties than others as breeders have been working on resistance to this disease for several years.

Symptoms of MDMV appear on leaves as chlorotic mottle of light and dark green areas. Intensity of this mottle depends on the genetic makeup of a particular hybrid, stage of infection and certain environmental conditions. On some varieties a "red leaf" symptom develops when temperatures are below 75 to 85 degrees Fahrenheit for a period. Leaves contain red streaks and heads also may appear red.

Malformed heads and varying degrees of sterility are symptoms associated with disease development. Severely infected plants may fail to head. Extent of this symptom depends on the stage of growth at the time of infection and the resistance of the variety.

MDMV overwinters in Johnson grass rhizomes and aphids transmit the disease from Johnson grass to the grain sorghum the following spring thus the infection that develops within a given sorghum field depends upon the number of overwintering host plants in or around the field and population level of aphids.

Best prevention of MDMV infections is a combination of selecting resistant varieties and eradication of Johnson grass in the area.

Nothing can be done about MDMV after the plant has been infected.

**Pecan Spraying Time**  
I am writing this article on 10 June and as of this date it looks like the pecan nut casebearer spray dates of Milam county will be about May 15-22.

The pecan nut casebearer is probably the major pest attacking pecans in Milam County. Pecan nut casebearer eggs, just visible to the naked eye, are greenish white when first deposited on the bloom tip of the small nutlet but later assume a reddish appearance.

First generation larvae hatch from the eggs in 4 to 5 days and migrate to buds below the nuts to feed a day or so before entering the nutlet. It is at this stage that they may be readily controlled with suitable insecticide and thus timing is critical.

When spraying for the pecan nutcasebearer be sure to include 1 tablespoon of zinc sulphate or the equivalent of zinc nitrate per gallon of water to control rosette and Duster or Benlate to control pecan scab.

Materials recommended for pecan nut casebearer control include Guthion, Thiodan, Malathion, Toxaphene, and Zolone. The only material that has no grazing limitation is Malathion.

Cool weather can slow down the casebearer population for this reason I would advise calling the Extension office for later word on casebearer spray timing. At this time May 15 through the 22nd is my best estimate. Spray Boll Weevils

Time is drawing near on

some of the older cotton in the county to apply an application of Guthion or other suitable material for overwintered boll weevil.

Timing depends upon square formation. Overwintered weevil applications should be made before squares reach the 1/3 grown stage or

about the size of a pencil eraser. In areas with a history of weevil problems, two applications about a week apart may be advisable.

Weevil numbers being caught in Pheromone traps in the county are increasing but many are still not out of hibernation.

A Weekly Report Of Agri-Business News

## Farm-facts

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

**IT'S ANYBODY'S** guess what farming in Texas will be like by the year 2000. One thing that may be expected is that satellites may be helping, because they already are. Earth Resources Technology Satellite-1 (ERTS-1) circling the earth now, is sending back photo-like images that make it possible to identify different crops, acreage, and even crop growth. It is expected that satellites will help track down water supplies--a talent West Texans, especially, could use now--and will be able to give early warning on crop diseases. And United States satellites probably will be able to tell Americans what neighboring farmers are doing. Oldtimers use to say they "planted by the moon." The future farmer may be farming by satellite.

**THE FUEL** situation may be easing for most farmers, but it is still tight for others. Very tight gasoline situations were reported in Hall, Foard, Hansford, Llano, Hemphill, Hartley, El Paso, Denton, and Archer Counties; and very tight diesel fuel situations were reported in El Paso and Hartley Counties, according to the U.S. Agricultural Stabilization and Conservation Service.

**TEXAS CROP** and Livestock Reporting Service reports that prices received by the State's farmers and ranchers declined six per cent during the month ending April 15. Livestock and livestock products price index was down four per cent from the month earlier and 10 per cent below a year ago. The all-crops price index fell nine per cent below the previous month. Wheat went from \$4.76 to \$3.78 a bushel. Sorghum fell from \$4.56 to \$3.96 during the month ending April 15; upland cotton from 49 cents to 47, broilers from 22.5 cents a pound to 21; eggs from 56.3 cents a dozen to 51.2; and calves from \$47.80 to \$43.70.

**LIKE MOST** things Texas farmers use or buy, utility rates have been increasing. There has been debate among candidates and Constitutional Convention delegates about possibilities of creating a commission to regulate utilities. Telephone rates are drawing much attention since one telephone company not regulated now has announced an increase in the "mileage rate." This company has said that its new pricing philosophy tries to place the cost of service on the "cost causer" or the customer using the service.

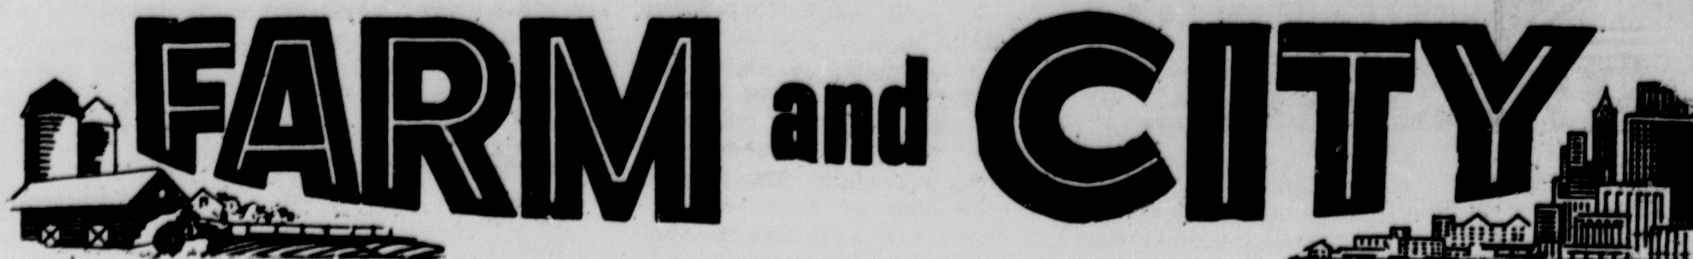

**TEXAS' STOCKS** of four feed grains April 1 were estimated at 169 million bushels, the same as a year ago, says Texas Crop and Livestock Reporting Service. (Those four are: sorghum, corn, oats, and barley.) Wheat supply was 41.4 million bushels, down 15 per cent from a year earlier. Sorghum stocks were 127 million bushels, down 13 per cent; corn 29.9 million bushels, up 89 per cent; oats 11.4 million bushels, 51 per cent above a year ago; barley 400,000 bushels, down 39 per cent; soybeans 8.3 million bushels up 41 per cent.

**PROCESSING** of red meat in Texas' slaughtering plants is increasing a little, but the 546.6 million pounds processed the first three months of the year was one per cent below the same period in 1973. The plants processed 184.7 million pounds of red meat in March, an increase of 15 per cent from February but one per cent lower than the corresponding month of 1973.

**LIVESTOCK AUCTION** markets showed a drop in business during March. There were 328,000 head sold through auctions during that month, 48 per cent below a year ago, and 23 per cent below the previous month. Hogs sold in auction rings during March totaled 41,000 head, 18 per cent below a year ago, and three per cent above February sales.

**THE U.S.** Department of Agriculture has announced that about 50,000 sterile Mexican fruit flies will be released in Dimmit County each Wednesday for the next nine to 12 weeks to combat infestations of the Mexican fruit flies. The number of sterile flies released eventually will reach 100,000 per week. This will be the first time this method of attack has been used against the Mexican fruit flies in Texas, but it has been used twice before in Mexico.

**THE TEXAS** Department of Agriculture has opened a market news office in San Antonio's Produce Terminal Market in cooperation with the Federal government. The teletype service will send reports on the South Texas produce over the nation to news wire services, government agencies and many large produce houses. A 24-hour market information telephone service will be in operation soon. The service will give South Texas producers and buyers complete market news on produce of the area. The new service is in addition to the present system at the San Antonio Livestock Exchange.

## A TIRE FOR THE TIMES

from Firestone

The Steel Radial 500™ can give you up to 30 EXTRA MILES from every tankful of gas you buy!

This gas savings is based on a car with 20-gallon fuel capacity and currently averaging 15 miles per gallon. Naturally, your savings will depend on how much stop and start driving you do.

Put steel between you and tire trouble!

- ✓ Two strong steel belts under the tread provide outstanding road hazard resistance
- ✓ 7 to 10% fuel savings... a result of the reduced rolling resistance of our radial design (compared with our other types of tires)
- ✓ Superb road handling and traction
- ✓ Original equipment on many of the finest new 1974 cars

Guaranteed for 40,000 miles!

2 strong steel belts give long mileage by reducing tread "squirm" on pavement  
Radial polyester cord body provides smooth, easy rolling ride

## St. Monica Ladies Hear Reports

A report on the NCCW Convention in Waco was presented to members of the St. Monica's Ladies Society at their May meeting by Mrs. Frank Hanel. Mrs. Eugene Mitchan gave an explanation of the Diocesan Renewal Center that is being built near Belton and Society members voted to send a donation.

Mrs. Paul Sheguit reported on the birthday party given by the Society at the Cameron Nursing Home.

It was also announced that a special mass honoring graduating seniors of the parish is planned with a breakfast for seniors following the service.

## Laguna Gloria Hosts Art Festival

Fiestas Laguna Gloria, one of the outstanding art and crafts festivals in the Southwest will take place May 18-19 on the tree studded grounds of Laguna Gloria on Lake Austin, home of the Texas Fine Arts Association.

Along with exhibits by the Southwest's most famous artists and craftsmen, food, games, and strolling mariachos will make this a carnival fun festival for the entire family.

## LOSE UGLY FAT

Start losing weight today or money back. MONADEX is a tiny tablet and easy to take. MONADEX will help curb your desire for excess food. Eat less - weigh less. Contains no dangerous drugs and will not make you nervous. No strenuous exercise. Change your life... start today. MONADEX cost \$3.00 for a 20 day supply. Large economy size is \$5.00. Also try AQUATABS: they work gently to help you lose water-bloat. AQUATABS - a "water pill" that works - \$3.00. Both guaranteed and sold by: DUSEK PHARMACY CAMERON Mail Orders Filled

# The Cameron Herald Happening about Town

Page 6 Cameron, Texas, Herald, May 16, 1974

## Mrs. Holder Promoting, Recording City Improvements

The Ladies Auxiliary of the Cameron Chamber of Commerce is planning improvements in community life and Mrs. Perry Holder is playing a dual role in that effort: telling about the projects and enlisting community support and help. Her formal title is Chariman of Promotion.

She was guest speaker for the History Club luncheon Saturday at the home of Mrs. E. Douglas Perrin and left with a promise that the Club would work on a project of acquisitions for the proposed

Milam County Museum. (Hopefully to be housed in the soon to be vacated Milam County Jail).

But that is just the latest of her promises for a better community that will be recorded in a report form to compete for Governors Community Achievement Awards.

She has promises from: Little League Ladies Auxiliary to plant shade trees and shrubs at their new park; Firemen's Auxiliary has agreed to help purchase equipment for the proposed

park on property east of O. J. Thomas School;

The Business and Professional Women's Club is planning beautification of their clubhouse grounds;

Mrs. Milton Wright agreed to organize plantings on tree boxes to be placed on sidewalks across from the downtown mall.

Also to be included for credits in the report are on-going projects, such as the Lions Club improvements at Wilson Ledbetter Park; Arts and Service League improvements at City

Park and Fleur de lis Garden Club plantings at the downtown mall.

She told History Club members that other projects were at least in the talking stage. An Art Fair at City Park in September; a recycling pickup station located in Cameron and interior repainting of the jail (Commissioners agreed to furnish paint selected by the Museum Committee.); a benefit concert for the east city park project.

Before and after pictures are being compiled by Mrs.

Dana Monroe.

Mrs. Holder pointed out to History Club members that "Urban renewal gave us the start and puts us way ahead in competing for a community award."

Mrs. Neal Barr is president of the Chamber Ladies Auxiliary. Committee chairmen, in addition to Mrs. Holder, are: Mrs. Douglas Perrin, Community health; Mrs. Jimmy Woodum, hospitality; Mrs. Leo Fuchs, Community Pride; Mrs. Richard Bush, Community Culture.

**ENGAGED** - Mr. and Mrs. Eugene Lee Jones, Jr. of Cameron, formerly of Belton, have announced the engagement of their daughter, Peggy Sue to Carlos Louis Stewart, son of Mr. and Mrs. Louis Stewart of Belton. The couple will be married July 27 at the Presbyterian Church in Belton.

## Luncheon Honors Sr. Citizens

Cameron observed Senior Citizens Day Tuesday with a covered dish luncheon and program at the Community Center. The event was sponsored by the Milam County Governors Committee on Aging, Home Demonstration clubs and the Extension Service.

Included on the program was a demonstration on civic beautification by 4-H Club members and group singing led by Max McClaren.

## Personal Mention

Lt. Col. Donald Lehnert visited in the home of his parents, Mr. and Mrs. E. A. Lehnert, for a week enroute to his home in Washington, D. C. following a business trip to Sacramento, California.

## BIRTHS

To Mr. and Mrs. William I. Vogelsang, a boy, David Michael, 8 pounds 12 ounces, born April 16 in Mount Pleasant, Texas. Grandparents are Mr. and Mrs. Julian Terry and Mr. and Mrs. F. W. Vogelsang of Cameron. He is also welcomed by two brothers, Jeffery and Brandon.

**HANGING BASKETS** - Popular for several years go indoors or out and are being used as important decorating emphasis. A unique use in Cameron are the baskets hung in the

arches at the Charles Smith home at 7th and Jackson. Their placement add color and call attention to the structural beauty of the porch.

Other possibilities include wood, plastic, and terra cotta.

When using these, fill the basket center with a good potting soil - high in organic material such as peat moss.

When choosing a container, remember it should be unobtrusive -- to feature the plant.

Plants appropriate for hanging baskets are numerous, but most any plant with drooping growth is appropriate.

Ferns, the traditional favorite, add gracefulness and coolness to the atmosphere. Asparagus sprengeri fern rates high in popularity because it's easily grown and tolerates considerable direct sun and some cold. Boston-type ferns create elegant hanging baskets -- but require high humidity and partial shade. They do well under large trees or cool porches.

Succulents -- such as hen and chicken or Burro tail sedum - make unusual baskets and tolerate considerable heat and drought.

Since they bloom even through the hottest weather -- and on till frost -- periwinkles for midsummer baskets

are another popular choice.

Petunias are fine for spring and early summer but sometimes can't withstand July and August heat wall.

After choosing plants, place them in the basket at the same depth they were originally growing. To make watering easier, allow at least one inch of space between the soil and top of basket.

The most convenient way to water and fertilize most hanging plants is to occasionally immerse them in a tub of water containing a small amount of water soluble fertilizer.

After moving the basket from water, set it aside to drain a few minutes before rehanging.

Since they're exposed to dry, hot air on all sides, hanging plants dry out very quickly and need frequent watering. Depending on conditions, some need watering once a day, while most thrive on two or three waterings per week.

To keep plants looking attractive, snip off dead flowers, seed pods or leaves. Prune back shoots of vining plants to encourage branching and development of new shoots.

## Cam-Roc Day Features Tournaments, Party

Cam-Roc Day, an annual family-day event for Rockdale and Cameron Country Club members, has been set for Saturday, May 25, at Rockdale Country Club, according to 1974 chairman Hal Reagan.

"This year's program will be varied and our intent will be to offer something for every member of the family from sunrise until well past

sunset," Reagan said. "The committee has planned a one-day, all-out event that will hopefully surpass all of the past seven gatherings."

Tickets for the all-day extravaganza are \$3 per person (\$1.75 for children under 12), and one ticket covers all of the day's activities. Tickets can be purchased from a number of club members canvassing

the area throughout the next couple of weeks.

"If, however, you haven't been contacted and would like to join the fun, just call either club for tickets or information," Reagan said.

Highlighting the event will be a men's team match golf tournament, pitting Rockdale against Cameron for the travelling team trophy currently in the possession of Rockdale. Tee-off time is between sunrise and 3 p.m. for the 18-hole affair.

The women will also compete but have elected to play on the preceeding Tuesday, May 21.

Individual prizes will go to the medalist and low net linksters in the men's women's and junior division,

pitting the "young tigers" from junior high through college against each other.

A bridge tournament is also scheduled for the ladies in the confines of the club from 2 - 5 p.m., with the Rockdale Ladies Golf Association planning the festivities and prize list for winners.

Also included is Splash Day contest at the pool with children of all ages competing for prizes.

Concluding festivities will be a barbecue dinner, served from 6-8 p.m. followed by the usual casual dress dance featuring live music by Louie Steffek's band. Presentation of awards will be conducted during intermission.

## Registration Under Way For TJC Summer Classes

Preregistration is now under way for summer semester classes at Temple Junior College. Two six-week day school sessions will be offered.

The first will register on June 3 and end on July 12, and second six-week session will register July 15 and close on August 23.

An eight-week evening session will also be offered. Students will register for the evening session on June 3, and the session will conclude on July 25.

To apply for admission, new students, transfer students, and former students who did not attend TJC during the spring semester, 1974, must file an application for admission and a health form before preregistering.

Official transcripts that include any high school or college work attempted during the spring semester, 1974, must also be submitted to TJC. Students may be admitted on a conditional basis until their transcripts have been received.

Students planning to attend the first six-week day session or the eight-week evening session should come by the Registrar's Office and preregister for

their classes.

The Registrar's Office is open from 8 a.m. - noon and 1-5 p.m. for summer school preregistration. Students will be placed in the classes on a first-come, first-served basis.

Registration for the first six weeks and the eight-week evening session is scheduled for June 3 between the hours of 8 a.m. - noon and 1-7:30 p.m. Classes for both the day and evening sessions will begin on June 4.

## Extension Sought For Trust Fund

ATLANTA, Ga. — The Federal Highway Trust Fund should be continued after its present 1977 termination date -- but with some difference, Reagan Houston III, chairman of the Texas Highway Commission said today.

Houston testified before the Senate Transportation Subcommittee holding hearings in Atlanta. The subcommittee, chaired by Senator Lloyd Bentsen of Texas, is seeking opinions on "Transportation Planning and Priorities in the Seventies."

The Federal Highway Trust Fund should be extended past October 1, 1977, Houston said. However, he suggested a new method of apportioning the fund to the states. The present formula does not take into account the essential factor in meeting highway needs -- the actual number of miles driven within a state.

The Highway Trust Fund is made up of federal taxes on gasoline and other items associated with the operation of motor vehicles. Houston suggested that each state should receive back 85 per cent of the taxes paid by drivers in that state. Presently, Texas gets back from the trust fund about 59 per cent of such taxes paid by Texas motorists.

"Such an arrangement would permit the states which are more dependent on automobile transportation than others to more adequately keep pace with demands for additional highway construction," he said.

Was "Try Again" really the name of the boat? Or did some joker paint those words on the old hull after the wreck? Either way the irony wasn't wasted.

Lots of people used to sail through life confidently and contentedly. Today they aren't so sure they're on the right course.

There are some who think it's only a matter of time before our whole civilization runs aground.

Christianity has often been called "the religion of another chance." Yes, for Christ teaches that we can rise out of our failures through God's forgiveness and power.

Millions today are rediscovering Christian precepts. It is a new generation which will soon be sailing toward a Christian destiny.

## Obituaries

### Edmonds

Mrs. Hattie P. Edmonds, 87, of Cameron died Wednesday in a local hospital. Funeral was at 3 p.m. Sunday at Green Funeral Home, the Rev. J. E. Lafferty officiating. Burial was in the Marlow Cemetery near Cameron.

Mrs. Edmonds was born in Burnet County and lived in the Marlow community most of her life.

Surviving are three sons, A. C. Edmonds of Pearland, John Edmonds of Tuolumne, California, and Gene Edmonds of Floydada; three daughters, Mrs. Daisy Zoltz of Rosenberg, Mrs. Lucille Woulard of Glendale, Ariz., and Mrs. Mildred Houston of Cameron; a stepson, Homer Walston of Cameron; two stepdaughters, Mrs. Eva White and Mrs. Mary Thweatt, both of Cameron; 14 grandchildren and 17 great grandchildren.

### Contract Let For Farm Road Work

Highway construction contracts let in April by the Texas Highway Commission include Bryan area work.

The work, supervised by District Engineer Joe G. Hanover, will be in the Milam County.

A contract was awarded to E. W. Hable and Sons, Inc. of Corsicana. Low bid was \$296,796.18.

The project, which will require an estimated 135 working days, will be under Highway Department Engineer Delton A. Kittrell of Hearne.

The contract is for grading, structures, base and surfacing on 3.5 miles of Farm to Market Road 3242. The project extends from FM Road 2095 at Hanover to 3.9 miles northwest of Gause.

## Alcoholism Council Certified

The Alcoholism Council of Texas, a new non-profit, voluntary organization, received its certificate of incorporation from the Secretary of State of Texas yesterday.

Sean O'Mahoney of Hunt, chairman of the State Steering Committee which is spearheading the development of this organization, said that the purpose of ACT "is to provide a voluntary association of local councils on alcoholism, other agencies, and individuals to promote the continuing development of adequate services for the prevention, treatment, and control of alcohol abuse and alcoholism."

The Alcoholism Council of Texas is beginning a membership drive, and in July, will be selecting its permanent Board of Directors at the 17th Annual Summer Institute of Alcoholism, sponsored by the Texas Commission on Alcoholism.

The ACT's office is located at 2813 Rio Grande, Austin, Texas, and the administrator is Jon W. Woods. The first year of operation is funded by a grant from the National Institute of Alcohol Abuse and Alcoholism and the National Council on Alcoholism.

### Gospel Sing Set

There will be a gospel singing Tuesday, May 21 at Pleasant Retreat Methodist Church at 8 p.m.

All are invited to bring their music and come sing.

# Yoe Ties Ducks For District Playoff Spot

The Yoe made certain of another tie-breaking game in the District 12-3A baseball playoffs Tuesday when they took the Taylor Ducks or a 1-0 victory.

Yoemen lost the first game Monday, 5-4 at Temple Junior College field.

The final game of the best of three series will be played Thursday at 6:30 p.m. at the TJC field.

The Tuesday game saw an extra inning pitching duel between Cameron's Craig Friemel and Taylor's Tom Kasper.

The winning run came in the bottom of the ninth inning on a double play attempt. Joe Smitherman sped all the way from first base to claim the score.

Ricky Sapp walked to begin the ninth inning, then John Barron rammed a base hit into left field. Smitherman forced Sapp at third and

## Cen-Tex League Opens Play

The Cen-Tex League is forming teams and played first games Sunday afternoon at 2 p.m. The six teams are Killen, Troy, Temple, Gatesville, Westphalia, Rogers and Cameron.

The Cameron team won its opener against Rogers Sunday in a 3-2 ball game played at Buckholts field. Troy and Westphalia both won their games.

Cameron's team includes Mike Shane, Gary Thweatt, Leroy Doskocil, Robert Brashear, Ken McLerran, Mike Miller, Mike Zajicek, Wayne Kirk, Ed Cauley and Jon Forsythe. Joining the team at the end of district play will be Ricky Sapp, Craig Friemel, and John Barron.

The league has a 10-game schedule, with all games played at 2 p.m. on Sunday afternoon.

The season will be divided into halves, the first ending June 9, at which time all team rosters become frozen. Each team will play five home games and five away during the season.

The regular season is slated to end July 14 with the top two teams in the standings going into a best-of-three play off series.

In Sunday's game, the score was tied 2-2 when Cauley took over for Thweatt in the fifth. The winning run was pushed across in the ninth when Shane singled, moved to second on an error and scored on Thweatt's base hit to bring the score to 3-2.

pitch hitter Ricky Kelly tabbed to the mound. Kasper threw to third, forcing Barron with Smitherman moving to second.

Duck third baseman Brad Ross misfired past first trying to double up Kelly and Cameron's Smitherman skirted third and scored.

Friemel pitched the whole game for the Yoemen and

## LL, Minors List Players

Team rosters and coaches have been named for Little League and Minor League teams, with the first game starting Monday at the new baseball field.

Bill Huffman, president of the LL organization, said that if any boy's name who signed up does not appear in the lineup, he should contact Huffman.

**LITTLE LEAGUE**  
**BEARS** - Coach Roy Boutwell, James Elsenburg, John Yates, Timmy Mitchan, Kenneth Stevens, Chris Riola, Rodney Fincher, Wendell Fox, Cecil Jones, Rusty Crummer, Terry Majors, Jeff Boutwell, Bob Lehnert, and Eddie Provasek.

**COLTS** - Coach Dan Long, Brent Zarosky, Mark Macal, Tommy Sheldar, Mike Mode, Dan Corley, Antonio Salazar, Leo Miller, Thomas McCall, James McCall, Gerald Moore, Rufus Floyd, Richard Robertson, Sam Salazar.

**GIANTS** - Coach Olan Armstrong, Danny Armstrong, Daniel Salach, Michael Williams, Adam Riola, Jerome Marek, Gerald Latimore, James Tate, Emmett Wilcox, Todd Ingram, Lee Henderson.

**HUSTLERS** - Coach Marcelino Flores, Will Haines, Neil Trube, Frank Vega, Michael Flores, Tommy Flores, Salvador Flores, John Rylander, Jewel Jones, Sonny Montez, Joey McElwrath, Ira Canady, Ricky Jones.

## Caldwell FFA Sets Rodeo

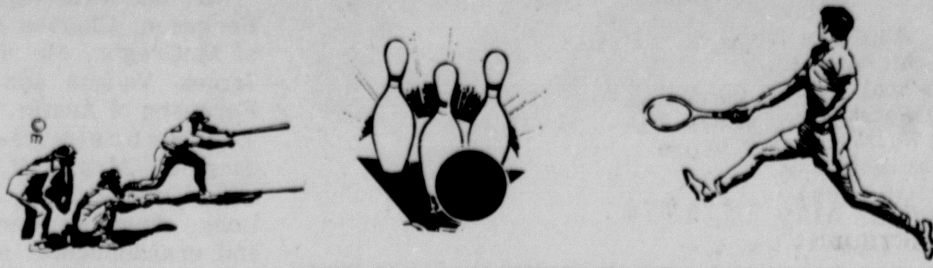

The Caldwell FFA is holding a high school rodeo May 24 and 25 starting at 7:30 p.m. at the Caldwell rodeo arena.

Events will include bull riding, barrel racing, pole bending, goat tying, tie down roping, and calf scramble, among others.

Entrants may contact Beth Graves at Rt. 1, Box 6, Chriesman, or the vocational agriculture department at Caldwell High School.

All area high school students are invited to enter the rodeo.

## HERALD SPORTS

## Summer Rec Program To Offer Sports Variety

This summer there will be at least two playgrounds, under supervision, for recreational activities such as volleyball, softball, horse shoes, washers, and so on.

The playgrounds will be open three days a week, Monday, Wednesday, and Friday, from 9 a.m. to 12 noon for youngsters to take part in supervised activities.

The supervision of these recreational areas will be by high school students under the direction of Coach Ed Cauley, and all interested call Coach Cauley. There is a possibility of the junior and senior high gyms being included to some extent. This program will start on June 3 and continue until mid-July. It is financed by the city.

**TENNIS**  
Tennis instruction will be offered under the direction and instruction of the Cameron Women's Tennis Association. Instruction will be divided according to age groups.

One group will include 5th and 6th grade students and the other 7th and 8th graders.

Times for the classes will be announced later but they are expected to start sometime after June 3. The instruction will be free of cost with the only requirement being that each student bring one can of tennis balls.

At the conclusion of the four week instruction period, there will be adult tennis for those living within the Cameron Independent School District. The date for this tournament is uncertain.

The days and time of instruction for the clinic will be announced in the near future.

**SOFTBALL**  
There will be a girls softball league for junior high age girls under the guidance of the Cameron Ministerial

all Pony League and girls softball will be played at the field behind Safeway.

**BASEBALL**  
Coach Cauley plans to have a baseball clinic for all interested Little League age youngsters for two weeks in June. The clinic will be held at the high school baseball field, behind Safeway, and will be free of charge to all participants.

The date and time of the clinic will be released in the near future.

Alliance. There was a league for older girls under consideration, but the amount of interest in it did not justify a league.

All adults interested in coaching one of the girls softball teams should call or contact Coach Cauley or Rev. John Homerstad. League play is scheduled to start either the first or the second week in June.

All Little League and Minor League play is scheduled for the new field, while

## 7th Graders Win District

Junior high tennis players scored top places in district action at Georgetown Saturday.

Stephen Hollas won first place in the seventh grade boys singles and Catherine Huffman placed second in the seventh grade girls singles.

Ronald Cobb and David Raymond placed third in the boys doubles. Stephen beat the number one seed for first place and Catherine beat the number one seed for her place but was defeated by the number two seed.

Eighth grade players attended but did not place. Coaches for the players are Ms. Connie Kennemer and Mrs. Helen Huffman.

In 16th century Ireland, a boy's right arm was not baptized, so he could strike harder blows with it!

Players taking part in a tourney at New Braunfels this weekend include Stephen Hollas, Catherine Huffman, Ken Fritz, Julie Smitherman, Kristi Tumlinson, David Raymond, Ronald Cobb and Tallulah Green.

## CCC Sets 44th Annual Golf Tourney

The Cameron Country Club's 44th annual invitational golf tournament is scheduled for Saturday and Sunday, 160 golfers from the Central Texas area expected.

Bill Kelm, chairman of the Blind Bogey Tournament said there will be 4 flights with prizes in each flight and a set of irons for the medalist.

Entry fee for the tournament is \$10 which includes a barbeque dinner.

## Sports-Murray

Mack Mitchell, Houston U 6-8, 260-pound defensive end out of Diboll, Southwest's super defensive players. Lufkin's Ecomet Burlet, the Tech defensive tackle, being the other . . . Phil Alexander, owner of Houston's prestigious Cargill Printers, has a unique angle on baseball as he watches Astro games from his Astrodome Box Seats. You see, Alexander once General managed the Brownsville Charros of the Class B. Big State League. Buddy Hancken, former Astro First-base Coach, and the guy who sold him the Box-Seats, used to manage Lake Charles in the same league.

Count Hancken among those who believe Former Astro Ace Larry Dierker is over arm problems which almost ended his career. "Larry's coming along well," says Hancken. "No strain, and no pain. While he's not as fast as he was, he's still going to be a whole pitcher, and that's really a plus." When Houston's World Football league team signed Loyd Wainscott, the 1968 UT All-American defensive tackle, they collect-

ed one of the most popular of former SWC stars. The Onetime LaMarque All-State Linebacker has a huge Houston following where he's in business.

**BIG, BIG MAN**  
Keepreading those stories about the legendary eating of Big Frank Howard, the onetime Dodger, Washington and Detroit slugger. Don't know about Franks' eating. But when he played outfield for Victoria in the AA Texas League, no man alive ever hit a baseball harder, or farther! Howard, now playing in the Japanese League, once hit a homerun over the 425 foot, 30-foot high Austin Senator scoreboard, one-handed. In swining, the 67, 245-pounder, let his right hand slip off the bat. He simply dragged the bat through, with the other hand and Booom!

What's keeping the Houston Astros out of the World Series?

## San Gabriel

By Mrs. Walter McDaniel

Mrs. James Terry, Mrs. Sidney Culp and James A. Smith visited their mother Mrs. W. W. Smith at Sweetbriar Rest Home Thursday of last week. Other relatives visiting that day were from Dallas and East Texas.

Mr. Jesse Wilson celebrated his 77 birthday Wednesday with a dinner prepared by his wife. Brother and Mrs. Bob Wimberly and David and Mrs. Betty Harrison were dinner guests with other members of the family. "Happy Birthday Mr. Jesse."

Mrs. James Terry and Lynette were in Hilland to see Mrs. Charles Miller who have a new home east of Holland.

Mr. and Mrs. Earl Potts visited in Hutto Sunday.

Mr. and Mrs. Walter McDaniel were dinner guests of their children, Mr. and Mrs. J. C. Payne and children of Round Rock. They attended church there also.

Mr. and Mrs. David Terry and children of Houston visited their parents Mr. and Mrs. James Terry and Lynette Saturday.

Mr. and Mrs. Emory Leschber of Hutto visited her parents Mr. and Mrs. Eldo Sommerfelt Sunday.

Miss Bobbie Case of Alvin was home for Mother's Day with her mother, Mrs. Ora Case and visited her aunts Misses Tena and Ella Yeager also.

Mr. and Mrs. James Ter-

ry, Lynette and Ron Doughty of Ft. Hood Killeen. Visited their son and brother, Mr. and Mrs. Ricky Terry Sunday in Marlin.

Mr. and Mrs. Donny Helne, Darren and Dawn had Mr. and Mrs. Richard Helne, Mr. and Mrs. Bill Archtuth, Mr. and Mrs. Johnny Westbrooke and daughter of Austin and grandparents, Mr. and Mrs. Paul Kiesling for Mother's Day dinner. Mrs. Buddy Limmer visited her Mother Mrs. John Roepke at Sweetbriar Rest Home, Sunday afternoon. She also visited her brother Leo Roepke in Hare.

Mr. and Mrs. Billy Beason and children of Austin were home for the weekend.

Mr. and Mrs. Kenneth Caffey and children of Salty spent Mother's Day with her parents, Mr. and Mrs. Jim Stewart.

Mrs. Larry Helne and children spent Mother's Day with her parents Mr. and Mrs. Dan Beeson.

Blackie Sides of Round Rock visited Mr. and Mrs. Buddy Limmer Sunday afternoon.

Mrs. Richard Helne and Mrs. Buddy Limmer visited at the Boswell Rest Home Wednesday with Miss Ossie Carrol and Mike Garner and at Manor Oaks Rest Home with Mrs. Harry Gamble and Elaine.

Mrs. Walter McDaniel visited Mrs. W. W. Smith and Mrs. Zelma Tipps at Sweetbriar Rest Home Wednesday.

## Gause

By Mrs. Wanda Lee

The annual Mother's Day Homecoming was held at the Baptist Church Sunday, May 12th. Master of Ceremonies for the program was Rev. Billy Sparks, who also did the scripture reading.

Special music this year was presented by the Willard Kornegay family, Claude and LaNell Spence, Bob and Earl Hardcastle, Kenny Kornegay, and Darcy Baskin Jr. offertory music was provided by Jimmy Harris and Preston Bowling. Speaker for the services was Larry Wilson.

The crowd was larger this year, especially among the young people.

Presentation of flowers went to Mrs. Eric (Lyd) Cunningham for being the oldest mother present and to Mrs. Shirley Hereford the youngest mother. Mr. Charlie Jones of Dilley, Texas was the oldest father. Mrs. Marie Crockett Marcellac came to the farthest distance from San Francisco, California.

The new tables were built and ready for use for the dinner and are a great asset for the gathering. Plans are being made to build more tables. Anyone interested in donating a table as a memorial to a loved one, or wanting to contribute to the building of the tables may do so by contacting Mr. G. B. (Bob) Varner.

Mr. Charlie Butler Jr. passed away in San Antonio this past weekend. Funeral services were held Monday.

Mr. J. A. Smith is a patient in the hospital in Marlin.

Mrs. Roger Kingsley spent last Monday night in Bryan with her daughter and son-in-law, Mr. and Mrs. Travis Weedon.

Construction is well underway on Mrs. Ruth Ely's new home here in Gause. She is building on the lots where Arthur and Roberta Bowling had their home a number of years ago.

Weekend guests with Mrs. Lola Williams included Mr. and Mrs. Bud Williams and daughter of Houston, Mr. and

Mrs. Lyndon Riley of Anson, Mr. and Mrs. G. C. Williams of Midland, Mr. and Mrs. Miles Brown of Cameron, Mrs. Clara Ashley of Bryan and Mrs. Flonnie Mae Woods of the Hanover Community.

Roxh and Helen Miller of San Diego, California, Preston Bowling and Paul Sherman of St. Louis, Missouri arrived this past Saturday a week ago for a visit with Mrs. Sarah Bowling. On the following Sunday they all attended the Follis family reunion in Brenham. This was Mrs. Sarah's mother's family. Visitors, including those mentioned, with Mrs. Sarah during the Mother's Day homecoming weekend included Maurice Bowling and daughter Bonnie of Pitkin, La., Mr. and Mrs. Bobby Bowling and little Russell of Houston, Mrs. Lucille Ivey of Austin, Mrs. Nell Smith, Thomas Smith, and Rebecca Smith of Sequine, Maurice Norman of Georgetown, Rachel Evans of Austin, Dixie Weekly Hartis of Houston, Helen Garrison Chipman of Ft. Worth.

Mr. and Mrs. Frank Ealand of Dilley were here for the weekend.

Weekend visitors in the home of Mrs. Lillie Harris were Mr. and Mrs. Charlie Jones and Mr. and Mrs. Glenn Dale Jones and children of Dilley, Mrs. Charlie B. Bowling of Devine, Mr. and Mrs. Bud Quartney of Uvalde, Mr. and Mrs. Richard Elliott of Bryan, Mr. and Mrs. B. A. Jones and Jimmy of Palestine, Mr. and Mrs. Jimmy Harris and family of Tyler who also visited with Mrs. Lillie Williams and the Gordon Albrights Mr. and Mrs. Sam Harris and two sons of Houston, Rev. and Mrs. J. Q. Jones of New Baden, Mr. and Mrs. Melvon Jones and son of Pasadena, Mr. and Mrs. Homer Jones Edward Jones of Rockdale, Mrs. Grace Cochran and son of Bastrop, Mr. and Mrs. Napp Luce and his sister of Houston.

Mr. and Mrs. Earl Luce of Arkansas were in town for the homecoming. Weekend visitors with Mr. and Mrs. F. B. Fisher were Mr. and Mrs. Bill Fall and Susan, Mrs. Mary Fall and Mrs. Robbille Pearman of Houston.

Mr. and Mrs. Tommy Ray Mitchell and children of Freeport visited the week-

end with Mrs. Ethel Mitchell. They all visited in Hearn with Paul Mitchell and family and Joe Mitchell and family.

Mr. and Mrs. Virgil Dean Ferguson, Charles and Zoe of McGregor, Mr. and Mrs. James Vaughn and Dennis Ferguson of Austin, Mr. and Mrs. Kenneth Hearne and daughter, Mrs. J. V. Ferguson, Mr. and Mrs. Richard Long, daughter, son-in-law and granddaughter of Houston and Mr. and Mrs. Sonny O'Keefe of Houston and his mother and sister of Brenham were here for the Mother's Day homecoming.

Mrs. James Sowell of San Augustine and her children and grandchildren were here for the Mother's Day homecoming.

Mr. and Mrs. Wayne Albright of Hearne and Mr. and Mrs. Roy Gene Miller and Regina of Milano visited Mother's Day with Mr. and Mrs. Koye Cass and Ray.

Wayne, Craig, Kelly, Lance, Kristi and I spent the Mother's Day weekend in San Antonio with Wayne's mother, Mrs. Ila Mae Lee therefore we were not here for the homecoming and have no way of knowing everyone that visited in our town. If you have an item about the homecoming visitors that you would like to have mentioned give me a call and we'll get it in next week.

Postmaster O. L. Harlan tells us that May 20-25 has been designated as rural route mail box improvement week. Since your mail box is the first thing people see in nearing your home, make it attractive, clean the weeds from around it and maybe, even plant a flower or two nearby. And let's make our rural route the most attractive in the Bryan District.

## Jones Prairie

By Mrs. Bill Thweatt

Sunday dinner guests of Miss Susie and Mr. Burnett Atkinson were, Rev. Eddie Fugate, Mrs. Mildred Martin, Mr. and Mrs. N. J. Barnes.

Mr. and Mrs. Wilson Pool, who have been living in Freeport have retired and moved back to their new mobile home on part of the Pool place. We are glad to have them in the community, they put their letter in the Church Sunday.

Mr. Hope Jamison Jr. and son Jerry spent the weekend with his mother, Mrs. Helen Jamison.

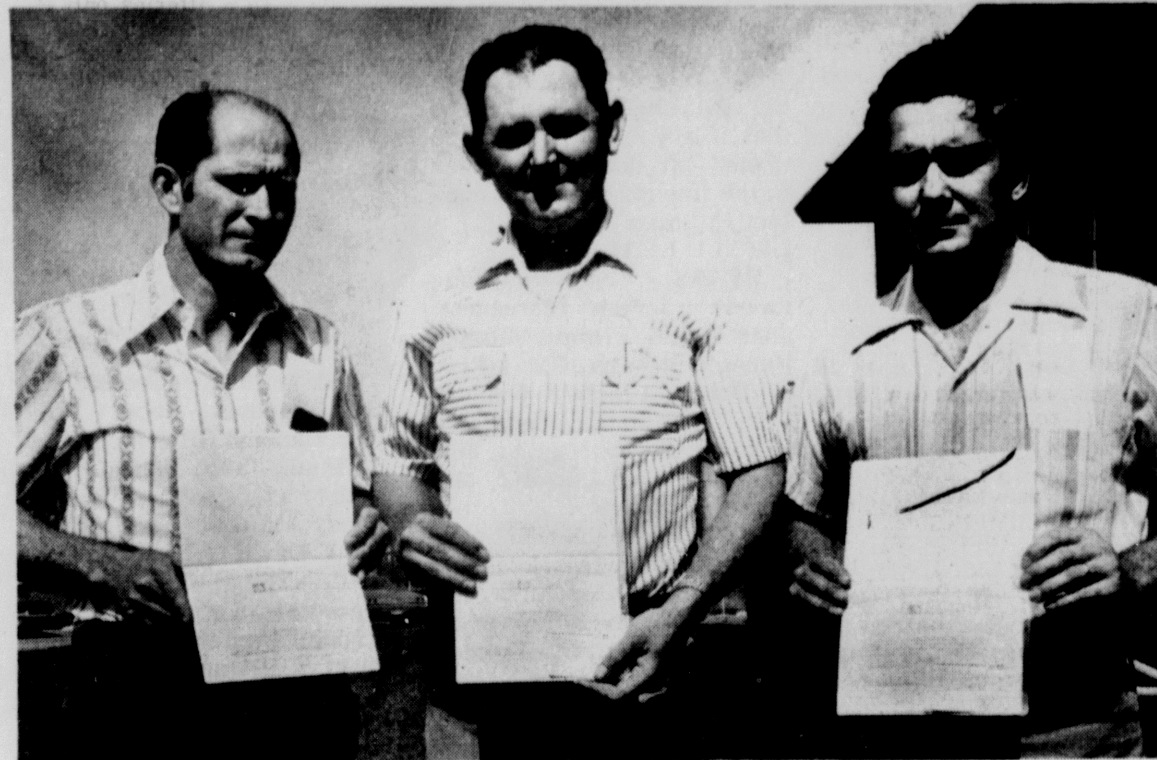

Mrs. Sam Hickman and Mr. and Mrs. Lester Hughes of Cleburn, Mr. Hope Jamison, Jr. and Jerry attended the Morning Worship services at our church Sunday.

Mrs. Bill Thweatt spent the weekend with her children, The Billy Thweatts of Georgetown.

SENIOR CITIZENS MONTH is proclaimed by County Judge O. B. Harden as he signs the proclamation. Seated, from left are Mrs.

Wavy Charles, Judge Harden, and Mrs. Frank Hanel. Standing from left are Vivian Pittman, Mrs. Joe Brown, W. S. Turner, Mrs. Lloyd Lamere, and Mrs. Rod Holcombe.

ALCOA GRADUATION DAY - Meterman Henry Roskey of Temple, left, and welders Calvin Kraemer of Cameron and Daniel Svrcek of Rockdale are all smiles after receiving journeymen certificates in ceremony.

ies Friday at Alcoa's Rockdale Works. Lay-out man Bert Smith of Rockdale, not pictured, also received a certificate. The four men compiled a total of nearly 38,000 hours of on-the-job training and classroom study to secure craftsmen cards.

## Jones Prairie

Mr. and Mrs. Thomas Hickman, Mr. and Mrs. Rush Price, Mr. and Mrs. Randy Blackmon of Waco visited Mrs. Willie Phipps Sunday.

Mrs. Von Hickman of Houston and Mrs. Dick Loftin of Navasota were here last week to sit with their father, Milton Weems who is a patient in St. Edward Hospital. Mrs. Walter Blackmon of Point Enterprise will be at his bedside this week.

Sunday dinner guests of Mrs. Nona Miller were, Mr. and Mrs. Bob Schluter and baby Emily of Austin, Mr. and Mrs. Roy Patzke and boys, Mr. Emil Patzke of Cross Roads.

## "WHAT IS TP&L DOING ABOUT THE ENERGY CRISIS?"

Texas Power & Light feels that you may want to know about what we're doing to protect you from a shortage of electricity.

All but one of our present operating plants were designed and built to utilize natural gas for electric power generation. Because of sharply rising cost and uncertain future supplies of gas, TP&L and some other southwestern companies are shifting to lignite—a form of soft coal—as a generating plant fuel. Coal is more economical to secure and more readily available.

Two lignite-fueled generating units are now supplying electricity to TP&L customers. Seven other units are presently under construction and an eighth unit will be started soon.

For the immediate future, TP&L is working to improve and assure its supply of natural gas for existing generating plants. We're participating in exploration and drilling for gas in East and West Texas and we're developing gas storage reservoirs in East Texas.

On a long-range basis, even all the new lignite-fueled plants the Company can build will not be sufficient to meet anticipated future electric needs of TP&L customers. So, in 1972, TP&L, Dallas Power & Light and Texas Electric Service announced plans to build a nuclear-fueled plant. The first unit of the plant is scheduled to begin operation in 1980 and the second in 1982.

Dealing with the energy crisis is difficult and costly. Lignite-fueled and nuclear-fueled plants cost several times more per kilowatt to build than gas-fueled plants, but TP&L will continue doing what must be done to assure you a dependable supply of electricity in the years ahead.

CARL BLACK  
SHERIFF OF MILAM  
COUNTY, TEXAS

The Vikings believed that the  
first woman was made from  
an alder tree. That's really  
packing a trunk!

## Legal Notice-

NOTICE OF SHERIFF'S  
SALE

STATE OF TEXAS  
COUNTY OF MILAM

NOTICE IS HEREBY GIV-  
EN THAT, by virtue of a cer-  
tain Writ of Execution is-  
sued out of the 20th District  
Court of Milam County, Tex-  
as, on April 30, 1974, by  
the District Clerk of said  
County, for the sums as  
follows, to-wit: \$10,832.50  
with interest from July 9,  
1973, at the rate of 6% per  
annum, \$1,110.00 with in-  
terest at 6% per annum from  
and after July 9, 1973, and  
all costs of suit, under a  
final judgment in favor of  
Lambert Hollub and W. A.  
Hollub in that certain cause  
number 16,662, filed Lam-  
bert Hollub, et al, VS. Ka-  
Hugh Enterprises, Inc., I,  
the undersigned Sheriff of  
Milam County, Texas did on  
the 30th day of April, 1974,  
levy on certain real estate  
described as follows, to-wit:

All that certain piece or  
parcel of land, lying and be-  
ing situated in the County of  
Milam and the State of Tex-  
as, and being described as  
follows, to-wit: Being a tract  
of land in the D. Hous-  
ton league in Milam Coun-  
ty, Texas, to-wit: beginning  
at the NE corner of a tract  
of 264 acres conveyed by  
J. E. Cherry Sr. to P. G.  
Rucker; Thence N. 19 W.  
703 vrs. to the SE corner  
of a tract known as the Gee  
tract, Thence S. 71 W. 1390  
vrs. to the S. W. corner of  
said Gee tract, Thence S.  
19 E. 703 vrs. to the N. W.  
corner of the said Rucker  
264 acres. Thence N. 71  
W. 1390 vrs. to the begin-  
ning, containing 173 acres of  
land and being the same  
land conveyed to said J. E.  
Cherry Sr. by Harriett E.  
Houston, by deed recorded  
in Book 11, page 303 and 304  
of the Milam County Deed  
Records.

Described in a deed from  
Verna Williams et al to R.  
F. Crittenden dated May 25,  
1962, and recorded in vol-  
ume 320 page 49 deed re-  
cords of Milam County, Tex-  
as,

and levied upon as the prop-  
erty of the said Ka-Hugh  
Enterprises Inc, and in that  
on the 1st Tuesday in June,  
1974, the same being the 4th  
day of said month, at the  
Courthouse door of Milam  
County, in the City of Cam-  
eron, Texas, between the  
hours of 10 a.m. and 4 p.m.  
by virtue of said levy and  
said final judgment and said  
Writ of Execution, I will  
sell above said described  
real estate at public vendue  
for cash, to the highest bid-  
der, as the property of said  
Ka-Hugh Enterprises, Inc.

lect! 19-4tp

## NEWS

## Of New Ideas

## IT'S A LEMON

When you stop and think  
about it the lemon has been  
put to more uses than any  
other citrus fruit.

Ever since the Parisians  
invented lemonade in 1630,  
and perhaps even before, man  
has known that the fresh, de-  
licious smell of lemon can be  
transferred to other products.  
And that's exactly what man  
has set out to do, and so  
has woman.

And now the lemon  
squeezes through again, this  
time to the delight of ciga-  
rette smokers! A dash of lem-  
on freshness has been added  
to the new menthol Twist  
cigarettes. They taste fresher  
than ordinary cigarettes and

give a smoother cool. Twist  
is the first new cigarette pro-  
duct to combine lemon as a  
flavoring with menthol; it has  
a cork-tipped filter with a  
thin lemon stripe on the filter  
tipping wrap.  
There's a reason that the  
makers of this cigarette say:  
"Our new menthol is a lemon."

## WHAT'S A FOOT

If you want a room to  
seem a little roomier, let  
the wisdom of the East help  
you out of your corner.

A good deal of the grace  
and beauty of such magnifi-  
cent examples of Eastern  
architecture as the Taj Mahal  
is formed from a skillful  
blend of color and contrast,  
light and line-the same de-  
sign ideas that can put depth  
deception into your corner.

Take a table that doesn't  
take up too much space-  
such as a slim and sublimely  
simple parson's table of  
shining steel and gleaming  
glass-and place it about a  
foot from the wall. Its beau-  
ty will fool the eye of the  
beholder and make the room  
look longer.

How do you top that?  
With clean lines and bright  
colors-a big brass bird with  
an Indian cast; a set of spots  
that have changed their leop-  
ard for a chic, china ciga-  
rette case; and a table top  
jungle of heart-shaped leaves  
in shiny shades of green.

Back it up with the pure

natural beauty of wood pan-  
elling to turn the room into  
a mahogany forest civilized  
to a deep, rich glow. Then,  
tie it all together with a  
floor that reflects your good  
taste in Oriental style. Its  
lightness makes a striking  
contrast with dark wooden  
walls and one delicate design-  
within-a design is as airy and  
subtle as a shah's special  
scrollwork. It's set off by  
colors as bold and brilliant  
as a Bombay bazaar: saffron,  
tangerine, fern, azure, crim-  
son, primrose, alabaster, cit-  
ron. Made up of foot square  
vinyl tiles, this is the new  
"Delhi" pattern from Kentile,  
available with regular or self-  
stick backing.

Incidentally, inhabitants  
of the Occident have been  
borrowing bits of beauty  
from the Orient for centu-  
ries, and everything from  
Mediterranean to modern,  
colonial to Louis Quatorze  
will blend splendidly, so you  
don't have to destroy any  
sacred cows of decorating to  
enlarge the look of a  
room Indian style!

## HOME FREEZING...

Freezing foods at home is a comparatively new method of food preservation. It is another easy, economical way to have summer freshness all year long. Like other methods of home food preservation, there are a few fundamentals to keep in mind if the foods are to keep well and taste good.

The bacteria in food are not killed by freezing but are kept inactive at Zero Degrees Fahrenheit. That is the reason foods should be stored at that temperature. Some quality is lost if the temperature rises even five degrees. All frozen foods have a "storage life" and a few are at peak quality and flavor longer than six to twelve months.

While freezing foods is the simplest method and the least time-consuming of all home preservation methods, it can be more expensive; and all foods will not freeze satisfactorily. Foods such as asparagus, green beans, lima beans, green peas, corn and berries are excellent products to freeze. However, any vegetable or fruit which is best eaten raw is not recommended for freezing. Pears and tomatoes are good examples of these foods.

Prompt freezing is necessary after the food is packaged in air-tight containers. Freezing in a home freezer can be satisfactory, however, do not try to put in too much at one time and overload the freezing capacity. Foods should freeze in 24 hours.

Foods to be frozen should be top quality, just at the stage when they are best when eaten fresh. Fruit should be firm and well-ripened. Vegetables should be garden fresh and tender. Overmature vegetables tend to be tough. Remember, freezing just prevents spoilage and maintains whatever quality was present in the fresh product.

Refer to your public library, county extension office, or direct your questions to me, and learn to freeze foods at home
